

# Information for Colorado Prescribers of Prescription Drugs

## XELPROS® (latanoprost ophthalmic emulsion) 0.005%

In accordance with Colorado law HB 19-1131, below is the following information as it relates to the above-referenced product: (1) the wholesale acquisition cost (“WAC”); and (2) at least three generic prescription drugs within the same therapeutic class, if available.

The price paid by consumers may differ significantly from the prices listed below for various reasons, such as, the availability of discounts, how the consumer purchases the product, and distribution. These prices do not necessarily reflect price per dosage, price per course of treatment, or the cost effectiveness of all the products listed.

**The information provided does not imply that the products on this chart, if more than one listed, are interchangeable or have the same efficacy or safety. Please refer to each product’s FDA-approved label and indication for further information.**

Marketed Product	WAC
XELPROS® (latanoprost ophthalmic emulsion) 0.005%	\$60.00
